

What does it look like in our school?

All students in our school are expected to cooperate with staff and other students and to achieve work to a high standard.

As such, everyone is recognised. Our school assumes that at the start of each term everyone will have the right to attend the Gold Day Celebrations and receive recognition because they cooperate, communicate, participate and tolerate. Therefore **everyone starts at Gold level**. Gold means you are a fantastic student who is contributing positively to school life.

As a PBL school, teachers at WRPS explicitly teach expected behaviours covering the many different school settings. This is reinforced by both our formal and informal recognition system.

At WRPS we are:

- RESPECTFUL

- RESPONSIBLE

- SAFE

Families are important members of the school's community.

is proud to be a

Positive Behaviour for Learning school

What is PBL?

Positive Behavior for Learning, known as PBL is an evidence-based whole school systems approach that:

- addresses the diverse academic and social needs of every student to support them to be successful.
- supports students in early childhood settings through to senior years of schooling.
- enables schools to establish a continuum of support that are differentiated to meet the needs of every student.
- is team driven, using a problem solving approach (data, systems and practices) that engages students, parents and all school staff.
- establishes positive social expectations for all in the school community by providing a framework for the school and its community to collectively support the well-being of every students.

When implemented well:

- students respond positively as they have been taught what is expected of them.
- staff deliver consistent responses to student learning and behavior.
- students feel safe and cared for at school. Their parents, family and community are more involved in their school.
- unproductive and challenging behaviour can be significantly reduced for most students.

More of what it looks like!

PBL Tree of Fame

How can I help?

Families are important members our school community.

When schools and families work together toward a common goal of helping all children and young people to be successful, it is much more likely to happen.

Families have valuable insights and information about how their children learn best and what help they need.

School personnel can help families support their children and young people at home in learning and developing academic, social, emotional and behavioural skills.

PBL schools find various ways to update families on a regular basis about their activities, lessons, projects and celebrations. Schools actively communicate with families so they understand and support the PBL process.

Families benefit from learning how to use similar strategies at home for teaching and supporting their children's social and behavioural skills.

PBL schools encourage family members to volunteer in their schools and to participate on their PBL leadership teams.

So: Be involved and let us know if there is something that might be affecting your kids.
