

Dear parents/carers of Year 6 students,

The following information relates to important dates and enrolment information for students intending to begin high school in Year 7 in 2025. Should there be any information updates or changes, this will be communicated to parents through our school newsletter or on SchoolBytes.

If you would like your child to attend a government high school in 2025, you will need to complete an Expression of Interest (EOI) form. The Expression of Interest lets you indicate which school(s) you would like your child to attend in Year 7. The EOI process has now moved online and will be available from 6 - 28 March 2025. The online process will benefit parents and carers by providing a quick and easy way to apply for an EOI or advise of a PNR (Placement not Required). Instructions for completing these forms are attached. Once an online EOI or PNR has been completed parents and carers will receive a reference number along with a record of the online application.

Should you require a paper form as you do not have an email address these will be kept at the front office for you to fill in and return either to the front office or to your child's classroom teacher. Unfortunately, you will not receive a reference number should you submit a paper form.

Please note – if you will not be sending your child to a government high school (i.e. they will be attending a private or independent school) you will still need to complete a Placement Not Required (PNR) as the Department has a duty of care to ensure that all children are placed in a school for their ongoing education.
